## Curriculum Vitae - John C. "Chip" Corbin - cont'd

### Areas of Practice/Expertise:

For Expert Witness purposes, I am a licensed C7 (low voltage systems) contractor in the state of California. I have been licensed since 1988 and have never had any actions or complaints filed against myself or my license.

We have performed installations and worked on other technical projects of various types throughout the United States and in Europe.

My Company's areas of practice are all manner of low-voltage communication, entertainment, lighting and control systems as are found in high-end residences and commercial settings.

### EW Categories:

We are generally in the category of "Construction Defect" for Expert Witness purposes, however as automation and communication systems have become much more sophisticated, we would fall into all of the following other categories:

Acoustics	Access Controls	Automation
Background Music Systems	CCTV/Cameras	Computers (PCs)
Conference Rooms	Construction Defect	Data Wiring & Cabling
Home Automation	Home Theater	Lighting Controls
Motorization	Moving Mechanisms	Multi-Media
Programming	Remote Controls	Satellite TV Systems
Screening Rooms	Surveillance System	System Design
Telephone Systems	Touchscreen Controls	Video Projection
Video Systems	Wireless Systems
