

I've known Dr. Linnda Durré for many years. While I was looking over the sheer number of areas she's worked in, I asked her to help me look for a new job that better aligns with my talents. She reviewed my current resume and pointed out several key areas that needed improvement to make it even stronger. After a handful of revisions, she submitted my resume to and connected me with two potential employers within three days and is still continuing to find other opportunities for me.

Linnda has been easy to talk to and quick to respond while maintaining her professionalism. She provides excellent advice that is practical and easy to put into action. She has been a treasure trove of knowledge and willingness to share it with others. Throughout all the years I've known her, she has always displayed honesty and integrity. She creates a high level of trust that she is looking after my best interest.

Linnda has been a true asset. Her dedication, insight and commitment to help others succeed has been an invaluable resource that I wish I tapped into earlier.
