

John D. Baker M.D., F.A.C.P., F.A.C.C., F.S.C.A.I.
Bayhill Enterprises Inc.
4790 Irvine Blvd # 105-141
Irvine, CA 92620-1973

I thank you for your interest. I would like to introduce myself and offer my services to you and your firm as **an expert consultant in the field of Cardiology**, including all aspects of General Cardiology, Invasive Cardiology and Interventional Cardiology.

I am a dual Board Certified, experienced and evidence-based Invasive/Interventional Cardiologist with an active practice in Orange County California. My Curriculum Vitae and Fee Schedule are attached by your request. You may also refer to my Cardiology group's website at www.pcacardiology.com/Baker.shtml

In addition to what I have listed on my Curriculum Vitae, I have several qualities that you may find helpful as an expert in Cardiology.

- I have extensive experience in peer review, in my capacities as prior Chair of Invasive Cardiology, organizing and maintaining high quality accurate peer review for Anaheim Memorial Medical Center, and redesigning the process to meet Joint Commission's Standards.
- I am currently Director of the Cardiac Catheterization Laboratories and Invasive/Interventional Cardiology at Anaheim Regional Medical Center, and Director of Invasive/ Interventional Cardiology for our busy 15+ physician Cardiology group which is the largest in Orange County.
- An active case reviewer in the field of Cardiology for the Cooperative of American Physicians Inc (CAP-MPT), Maximus Center for Health Dispute Resolution and others.
- Active Cardiology Expert Consultant for the Medical Licensing Board of California Physicians and Surgeons
- Appointed to ACC (American College of Cardiology) Task Force - Cardiac Care Team 2009-2012 term.
- Practices and promotes Evidence Based medicine in practice and in my reviews, most of which I can have a thorough, complete and evidence-based review completed within 72 hours of receipt of material, with fastest turnarounds with electronic or scanned data sources.
- Have extensive experience with case review on defense and plaintiff cases, deposition and in trial testimony experience. I welcome cases from both defense and plaintiff as my opinions address the evidence-based medical standards and facts of each case, and are not dependent upon the side of retaining counsel.

If I can be of service to you and your clients, I would welcome the opportunity to communicate with you regarding your potential or current needs and the possibility of becoming your medical expert in the field of Cardiology. You may contact me by telephone directly at **(877) 924-9009** or by email at jbaker@dolphyn.net

Thank you for your consideration and I look forward to communicating with you.

Sincerely,

John D. Baker, M.D., F.A.C.P., F.A.C.C, F.S.C.A.I.
Executive Manager - Bayhill Enterprises Inc.
