SUMMARY

I am an experienced clinician in both Academic and private practice environments who throughout my career has been noted for clinical excellence. I served in continuous leadership positions . requiring business ,personel and personal skills. I been involved with many medical organizations and for fifteen years represented the American Society for Reproductive Medicine to the American Medical Association. I have been a reviewer for high impact journals, KePro Peer Review Organization and I have published twenty five papers, 8 abstracts ,three book chapters and three books.

PROFESSIONAL EXPERIENCE

University of South Florida College of Medicine, Tampa, FL 1974-2015

Assistant, Associate, and Professor of Obstetrics/Gynecology

The largest and most comprehensive Medical School on Florida's west coast encompassing Schools of Medicine, Pharmacy and Nursing. Highly involved in clinical applications and innovative research. I initiated The Division of Reproductive Endocrinology and Infertility.

Affiliate Professor of OB/GYN 2015-present

Appointed voluntary faculty; Lecture, mentor, and advise residents and students

Ingram-Spellacy Alumni Committee, member

Director, Menopause Center & Professor of OB/GYN 2010-2015

Instituted , organized and directed this new Center to complete the responsibilities of the Division of Reproductive Endocrinology.

Provided services regarding the perimenopause and menopause to women as the only Specialty clinic of it's nature on Florida's West Coast.

Lectured regularly to community groups regarding the topic and changing concepts in it's treatment.

Taught medical students, faculty and residents. Organized and directed and managed "The Ingram Spellacy Society", the first Alumni Organization in the history of the Department of Obstetrics at USF; responsible for fundraising for resident, fellow and departmental educational activities .

Reproductive Medicine Group, Tampa, FL 1980 – 2015

Led The Reproductive Medicine Group, the largest and most successful subspecialty practice in Reproductive Endocrinology and Infertility on Florida' West Coas
