

EXPERT WITNESS CONSULTANT

JAY R. CAROW, A. I. A. · PRINCIPAL

NEW YORK REGION: (203) 313-6581

CHICAGO REGION: (312) 814-9000

Over the past twenty years **Jay Carow** has provided expert witness services on more than sixty cases dealing with slip, trip and fall accidents and problems related to design and construction. His support efforts include extensive research, preparation of expert witness opinions, depositions and court appearances for both plaintiffs and defendants. His years of practice and teaching bring credibility to his testimony and the ability to present technical issues clearly and convincingly.

Mr. Carow has a professional architectural degree from the Illinois Institute of Technology where Ludwig Mies van der Rohe led the program and a master of architecture degree from the Massachusetts Institute of Technology with a thesis on industrialized housing design and construction. He has been a design principal in architectural and planning firms for nearly forty years and for twelve years he taught architectural design and construction, the majority at I.I.T.'s College of Architecture and Design, and as a full professor and founding dean of the first degree-granting programs in architecture, planning and building technology in the Federation of Malaysia.

He is a licensed architect in the states of Connecticut, Illinois, Indiana, Massachusetts, New Jersey and Wisconsin; a member of the American Institute of Architects; and both a member of, and project manager for, Southbury, Connecticut's Historic Buildings Commission where he oversees the safeguarding, preserving and restoring of the Town-owned historic buildings.
