### **BACKGROUND SUMMARY**

Thirty two years of experience in clinical practice, academic teaching in colleges of medicine and pharmacy, research and consultant to the World Health Organization Tropical Diseases Research Programme in Onchocerciasis, clinical pharmacy specialist and consultant to the HIV Outpatient Program and Co-principal investigator to the National Minority AIDS Education and Training Center, Xavier regional performance site, technical support and consultant to the HIV/AIDS pharmaceutical industry and Health Resources Service Administration (HRSA) in the area of HIV/AIDS, mental disorders and other co-morbidities. **Technical defense/support for litigations as well as expert witness in major trials.** More specific areas of experience include: pharmacokinetic studies of drugs used in onchocerciasis and malaria, operational research in key tropical diseases such as malaria and onchocerciasis, preceptorships and workshops in the pharmaceutical care process in HIV/AIDS, development of web-based teaching strategies and a web-site for HIV student preceptorship and provider continuing education programs, design and development of workshop curricula based on provider needs assessment, capacity building for community-based AIDS service organizations (ASOs), continuous quality improvement, Pharmacy and Therapeutics (P&T) committee and drug formulary management. Design of community-based population focus care delivery models and curricula for adults living with HIV/AIDS. Development of peer-to-peer relationships with physicians and drug therapy management services in the clinical management of patients with HIV/AIDS for the past decade and previously in tropical diseases.

### **EDUCATION**

Doctor of Pharmacy (1977), University of Cincinnati College of Pharmacy, Bachelor of Science in pharmacy, University of Cincinnati College of Pharmacy, (1975),  
Residency in Hospital Pharmacy, University of Cincinnati General Hospitals and Clinics –1975-77

Takemi Fellowship in International Health and Population Studies, Harvard School of Public Health, Boston, Massachusetts, 1994-1995.

### **LICENSURE**

Original Pharmacy licensure in Ohio. Current license held in Louisiana only. Currently seeking licensure in the States of Missouri and Illinois

### **SELECTED ACCOMPLISHMENTS**

- Co-principal investigator to the National Minority AIDS Education and Training Center, (NMAETC), Xavier Local Performance Site, 2002-present
- Presented over 50 HIV workshops and traineeships to providers locally within the tri-state area and nationally since 1996.
-

- Provided medication management services in HIV/AIDS to the HIV Outpatient Program (HOP) in New Orleans, with a patient load of 3,000-plus registered patients, the largest HIV ambulatory care clinic in the Southeastern Region of the United States
- Reviewer to the Annals of Pharmacotherapy for over 2 decades and technical consultant to the HIV/AIDS Bureau of the HRSA and author of a chapter on drug-drug interactions of clinical significance in “A clinical guide to the supportive and palliative care for HIV/AIDS”, 2003 edition.
- Development of a key website for provider training and for student teaching that is being accessed from all over the world. Please visit us [www.aidstreatment-tree.org](http://www.aidstreatment-tree.org).
- Pharmacy faculty to Delta Region AETC since 1996 and author of numerous provider-service publications in the National Library of Medicine’s “HIV Clinician”, a publication for HIV provider education from the Delta Region AIDS Education and Training Center
- Technical consultant, principal investigator and pharmacokineticist to the World Health Organization in the TDR (Tropical Diseases Research) program and the Model Prescribing for Doctors Program, 1985-1993.  
Major publications for pharmacokinetics of ivermectin (Mectizan) that revolutionized treatment of river blindness (onchocerciasis), worldwide.
- Numerous publications in peer-review journals in the areas of hypertension, onchocerciasis and malaria (see list of publications).
- Co-author of a textbook in pharmacology for allied health professionals in the West African sub-region, commissioned by Longmans Publishing Company (Pharmacology for Nursing and Allied Health Professions. Oxford University Press Ltd., London, Nigeria, 2001).
- Member, Governor’s Commission on HIV/AIDS and Hepatitis C, State of Louisiana, 2002-present

## **PROFESSIONAL EXPERIENCE**

### **XAVIER UNIVERSITY OF LOUISIANA COLLEGE OF PHARMACY**

#### **Associate Professor, Department of Clinical and Administrative Sciences**

**May 2<sup>nd</sup> 2002 - present**

- Over 25 years of curriculum design, revision, evaluation and more recently web-based instruction of core courses in clinical pharmacy in both medicine and pharmacy
- Participation in team-taught courses in clinical pharmacy offered by the department
- Areas of concentration and expertise include infectious diseases with emphasis in HIV/AIDS
- Coordination and teaching of the Disease State Management 111 course at Xavier University
- Coordination and teaching of the Drug seminar course at Xavier University
- Development of traineeships, workshops and symposia for students in the area of HIV/AIDS and infectious diseases

- Participation as technical expert for Xavier University Committee on HIV/AIDS and other university committees.
- Preceptor of the Xavier College of Pharmacy rotation in HIV/AIDS at the HIV Outpatient Program in New Orleans and Consultant clinical pharmacist and pharmacy faculty to Delta AETC.

**Takemi Fellow in International Health and Population Studies, Harvard School of Public Health, Boston, Massachusetts, 1994-1995**

- Harvard fellowship in international health and population studies. A non-degree program for senior level and mid-career professionals from developing countries. Concentration in public health and HIV/AIDS.
- Development of aggregate population focused healthcare models in public health and HIV/AIDS.

**Lecturer and Senior Lecturer and Consultant Clinical Pharmacologist/Clinical Pharmacist, College of Medicine of the University of Nigeria and the University of Nigeria Teaching Hospital, Enugu-Nigeria, 1979-1993**

- Faculty participation in team-taught courses in pharmacology and therapeutics for medical students with an adjunct relationship with the faculty of Pharmacy, University of Nigeria, Nsukka, Nigeria.
- Sole consultant clinical pharmacist and pharmacologist to the university teaching hospital on issues of medication management in this 750-bed teaching hospital from 1979-1993
- WHO TDR Tropical Diseases Research) program researcher and principal investigator in onchocerciasis and malaria, 1985-1993
- Program pharmacokineticist, Ivermectin Distribution (Mectizan Donation Program), College of Medicine of the University of Nigeria, Enugu, 1985-1993.

**Associate Professor, King Saud University College of Pharmacy, Kingdom of Saudi Arabia, sabbatical leave, 1989-1990**

- Development of course in management and clinical therapeutics including curriculum design, revision, evaluation and assessment for final year students in a doctoral pharmacy program.
- Participation in team-taught courses in clinical pharmacy, pharmacokinetics and pharmacy management  
Development of a clinical rotation at the King Saud University Hospital for pharmacy students
- Co-authoring of book on pharmacology for West African healthcare professionals

**HONORS AND AWARDS**

- Honoree, Unsung Heroes Program. Clout Ministerial Alliance of the State of Louisiana, June 2002.
- Best Clinical Poster Award, American Society of Health Systems Pharmacists Conference, New Orleans, Louisiana April 2002.
- Who's Who in the World, 1999
- Who's Who in Science and Engineering, 1996 - 1997
- Fellow of West African Pharmaceutical Federation, 1994
- Woman of the Year, Diocese of Orlu, Eastern Nigeria, for Community, Civic and Professional Contributions, 1994

70. Ogbuokiri, JE. Understanding HIV disease, surrogate markers, phenotypic and genotypic testing and medications used in the treatment and prophylaxis of opportunistic infections. Presented to providers affiliated with the FACES program in New Orleans, LA, June 6<sup>th</sup> 2008.

## **Publications list**

**Tina Edmunds-Ogbuokiri, B.Sc., Pharm.D., FASCP**

**High-Impact Peer-reviewed articles based on research on World Health Organization (WHO) tropical diseases program (TDR) and other publications**

Ogbuokiri JE. Self-Monitoring of Blood Pressures in Hypertensive Subjects and its Effect on Compliance. *Drug Intelligence and Clinical Pharmacy*. 1980; 14: 424-428.

Ogbuokiri JE, Okonkwo PO, Uzomba BC. Ivermectin Levels in Human Breast milk. *Eur. J.Clin. Pharmacol.* 1993; 45: 389-390.

Okonkwo PO, Ogbuokiri JE, Klotz U. Protein Binding and Ivermectin Estimations in Patients with Onchocerciasis. *Clin. Pharmacol. Ther.* 1993; 53: 426-430.

Klotz U, Ogbuokiri JE, Okonkwo PO. Ivermectin Binds Avidly to Plasma Proteins. *Eur. J. Clin. Pharmacol.* 1990; 39: 607 - 608.

Ogbuokiri JE, Aguwa CN. Therapeutic Plasma Levels of Phenytoin: Variation in Relation to Seizure Control. *Advances in Therapy*. 1992; 9 (2): 87-90.

Ogbuokiri JE. Plasma Levels of Chloroquine in Healthy Nigerian Children: Clinical and Toxicological Implications. *West Afr. J. Med.* 1990; 9 (3): 197-199.

Ogbuokiri JE. Does Chloroquine Cause Hypoglycaemia in the Absence of Clinical Malaria? *Lancet (Letter)* 1987; August 1.

Ogbuokiri JE. Two-Hour Postprandial Glucose Levels in Young Healthy Nigerians. *Central African Journal of Medicine*. 1986; 32(4): 95-98.

Aguwa CN, Mittal CC, Ogbuokiri JE. Affirmation of Sterility and Apyrogenicity of Intravenous Solution. *Indian Journal of Hospital Pharmacy*. 1980; 17 (6): 162-164.

Okonkwo PO, Egere JU, Ogbuokiri JE. Adverse Drug Reactions in a Developing Country: Problems Encountered in a Surveillance Programme in a Nigerian Hospital. *Central African Journal of Medicine*. 1980; 26 (11): 239-242.

Ogbuokiri JE, Ejeckam GC. Extrapulmonary Tuberculosis in Enugu: A Clinio-Pathologic Study with Special Emphasis on Treatment Regimen. *Ghana Medical Journal*. 1980; 19 (31): 143-145.

**Listing of articles by Dr. Tina Edmunds-Ogbuokiri published from the Xavier Local Performance Site of the National Minority AIDS Education and Training Center in the *HIV Clinician* and indexed by the National Library of Medicine (NLM): 2001-2009**

1. Edmunds-Ogbuokiri, JE. Interactions between antineoplastic agents and antiretroviral drugs. *HIV Clinician* Fall 2009, 21 (4): 17-23. PMID 30567891

2. Edmunds-Ogbuokiri, JE. An indepth look at the challenges of prescribing maraviroc. *HIV Clinician* Summer 2008, 20 (3): 9-11. PMID 127635809.

3. Edmunds-Ogbuokiri, JE. Adjusting Antiretroviral agents for impaired renal and hepatic function. *HIV Clinician* 2008 Winter; 20 (1): 12-15. PMID: 15518852.
4. Edmunds-Ogbuokiri, JE. Update: Antiretroviral agents in expanded access. *HIV Clinician* 2007 Spring; 19 (2): 1, 4-5. PMID: 17598191.
5. Edmunds-Ogbuokiri, JE. Darunavir offers potent new combination when used with enfuvirtide in ritonavir-boosted regimen. *HIV Clinician* 2007 Winter; 19 (1): 1-3. PMID: 117405221.
6. Edmunds-Ogbuokiri, JE. Pharmacy Update: Black box warnings for FDA-approved antiretroviral Agents. *HIV Clinician* 2006 Summer; 18(2): 12-13. 7 Winter; 19 (1): 1-3. PMID: 16941775.
7. Edmunds-Ogbuokiri, JE. Advances in the pharmaceutical care of hepatitis C/HIV coinfection. *HIV Clinician* 2005 Winter; 17(1): 12-5. PMID: 15754458.
8. Edmunds-Ogbuokiri, JE. How common Illicit substances interact with antiretroviral agents. *HIV Clinician Special Dental Issue*, March 2005.
9. Edmunds-Ogbuokiri, JE. Ritonavir increases levels of erectile dysfunction agents 49-fold. *HIV Clinician* 2004 Winter; 16(1): 5. PMID: 11810821
10. Edmunds-Ogbuokiri, JE. Understanding drug-drug interactions in the management of HIV disease. *HIV Clinician* 2002 Spring; 14(2):11. PMID: 12055964.
11. Edmunds-Ogbuokiri, JE. Antiretroviral agents should be dose adjusted in renal and hepatic impairment. *HIV Clinician* 2000 Spring; 12(2):1-4. PMID: 11810827.
12. Edmunds-Ogbuokiri, JE. Kaletra: Applying advances in pharmacokinetics to treating HIV. *HIV Clinician* 2001 Winter; 13(1):8-9. PMID: 11810818.
13. Edmunds-Ogbuokiri, JE. Some foodborne pathogens can hasten progression of HIV. *HIV Clinician* 2001 Fall; 13(4):7-9. PMID: 11810789.
