11/2009- Present, Consultant to OSS Law Enforcement Advisors, Houston, Texas

Correctional care consultant to OSS. OSS is a law enforcement consultant agency comprised of police, jail, security and correctional care experts. We advise county, state and federal agencies on law enforcement policy and procedure development, medical policy and procedures development, professional risk management and security or police training.

- Helped to evaluate the Correctional Medical and Mental Health system for Northumberland County, Pennsylvania.
- Helped write and re-write Correctional Health Policies and Procedures and Jail Security Policy and Procedures.
- Helped to select and interview private correctional health contractor to implement policies and procedures.

- Helped defend County of Northumberland against a Section 1983 Class Action suit concerning security and correctional health and safety issues.

4/2008- 7/2010, Medical Director, Richmond of New York, Yonkers, N.Y.

Largest long-term care developmental disability facility in N.Y. State. Administrative and **medical oversight for developmentally disabled individuals in other non-profit, private, governmental living facilities, day programs, educational and rehabilitation programs throughout Westchester, Orange and Rockland County, N.Y.** Oversee quality of care, cost of care, regulatory compliance, modernization of not-for-profit long-term care developmental disability organization stretching over three counties in New York, with covered population of over 1.5 million people, multiple large facilities, Group Homes, Day Programs, Schools and public-private facilities. Oversee acute-care hospitalization of our residents at two tertiary care medical centers and two community hospitals, a nationally recognized palliative care hospital and two sub-acute rehabilitation facilities stretching over two New York counties.

- Extended Medical Directors job from overseeing largest long-term care facility in New York to overseeing all aspects of care, all regulatory compliance, budgeting, cost of care and cost of modernization throughout the organization and to all facilities in the three-county coverage zone.
- Under budgetary constraints in late 2008, brought cost-containment to clinical care while increasing quality for medical, surgical, pharmaceutical and podiatric services as evidenced by best survey results from Office of Mental Retardation and Developmental Disability (OMRDD) in years.
- Instituted verifiable infection control procedures throughout organization.
- Assisted in redesign of clinical space, administrative space, nursing and maintenance space for largest developmental disability facility located in Yonkers N.Y. Met budget mandated by New York State.
- Successfully managed outbreaks of H1N1, RSV and MRSA receiving commendation from OMRDD and NYS Department of Health.
- Redesigned efficient use of school/programs and active movement rehabilitation center to optimize institutional resources and staff within budgetary constraints.
- Redesigning computer-assisted E-prescription system for organization to decrease med errors, medical costs, and pharmaceutical costs and increase efficiency.
- Consolidated clinical departments with resultant efficiencies and cost savings through elimination of jobs and cross-training of clinical staff.

3/1995-3/2008, Medical Director of Health and Hospitals, Rockland County, Department of Hospitals; Medical Director, Summit Park Hospital, Summit Park Nursing Care Center, and Rockland County Jail

Facilities included a 120-bed medical/rehab/psych facility, a 350-bed skilled nursing facility, a 40-bed Alzheimer's unit, and a 300-bed jail

Responsible for quality assurance, credentialing, personnel budget, pharmacy budget, morbidity and mortality review, medical staff, and long-range planning for new acute care hospital. Oversee care at hospital, nursing home, Alzheimer's unit, outpatient health clinics, and correctional health care. Oversee JCAHO and NCCHC accreditation, liaison to County Executive, County Legislature and Commissioners of Mental Health, Social Services and Health Department.

- Enacted emergency care plan on hiring to meet Article 28 deficiencies found in NYS Department of Health survey. Passed next inspection with no deficiencies.
- Within 3 years of hiring, eliminated Rockland County taxpayer contribution to health care budget.
- Privatized dental services, with increase in quality and cost savings.
- Privatized pharmaceutical services then unprivatized services with resultant better quality and lower cost.
- Investigated privatizing physician services, which resulted in increased physician productivity without need to privatize.
- Helped design new hospital/nursing home for 2011 construction.
- Won prestigious Palisades Institute of Dominican College Quality Improvement Award and in 2004 was asked to sit on Board of Governors of Palisades Institute.
- Guided jail through first National Commission on Correctional Health Care accreditation and became first NCCHC accredited jail in Northern Hudson River Valley.
- Underwent four successful Joint Commission surveys covering hospital, behavioral and long-term care.
- **Joint oversight of TB clinic with Health Department.**
- **Oversee employee health and work employee health clinic two days a week.**

1998-2000, Acting Medical Director, Health Department, Rockland County, New York

Co-managed health department on interim basis.

- Helped train new Health Commissioner from private sector.
- Instrumental in discovering and identifying West Nile Virus (2nd confirmed case in U.S. was in Rockland N.Y.) and successfully handled MRSA outbreak in jail.
