PROFILE

Sidney P. Blum is an economic damages, royalty audit and marketing expert witness with more than 40 years of experience. He has served as a Big 4 national partner at KPMG, Chief Audit Officer of Beats Electronics (Beats by Dr. Dre, now Apple), and an internal audit leader at Fortune 50 companies including The Walt Disney Company, Occidental Petroleum and Unocal. That operating experience gives his reports real-world, illustrative grounding that judges, juries and arbitrators can follow.

Mr. Blum has qualified and testified in federal, state, international and arbitral forums, from local disputes to complex, high-stakes global litigation, on behalf of both plaintiffs and defendants. He was plaintiffs' damages expert in one of the largest jury-awarded trademark infringement cases, and in some of the largest DMCA and music copyright infringement cases. As a royalty auditor, he has been involved in more than $3.3 billion of royalty recoveries.

He wrote the global contract audit and royalty audit methodologies for Ernst & Young and KPMG, has led more than 1,500 forensic investigations (most involving contract compliance), and testifies on royalty and contract auditor compliance with AICPA professional standards and the appropriateness of audit claims. He is the author of two books on the financial terms of contracts, published by Oxford University Press and LexisNexis.
