Testimonials

“Wayne advised us on our insurance claim after Hurricane Katrina. His one-hour fee was repaid a hundred fold in the knowledge he shared with us about how to deal with the insurance company. Also on one previous occasion after I had been dealing with an insurance company to get paid for months, Wayne freed up the money with one call to his friend the president of said insurance company in New York. What more can I say?”

Bryan Chapman

Studio Director at CBS 3

“Wayne consulted with the Condominium Association for the building I live in, in New Orleans. His detail-oriented examination of the Insurance for the building resulted in a decrease in premiums and an INCREASE in coverage. Since exterior Insurance is a big portion of a Condo budget here in New Orleans, the decrease in premiums helped management keep the same monthly fees and dues each unit owner pays at the 2010 level.”

Delinda Johnson

“Wayne served as an expert witness for several litigation clients of mine. His creativity and intimate knowledge of insurance law helped me to back my adversaries up to the wall and, ultimately, settle their claims for far less than they had hoped. Surely, a far less successful outcome (on behalf of my clients) would have been achieved had Wayne not become involved. I wholeheartedly recommend Wayne to any attorney looking for a knowledgeable and hard-working expert witness who really knows how to think outside of the box.”
