
Medical legal consultant and expert witness with 25 years of clinical leadership experience and acute, rehabilitation and concierge medicine expertise. Recognized for demonstrating a natural aptitude for forensic analysis as well as for creating medical cost projections and life care plans. Dynamic history of contributing directly to case strategy and case development throughout my career. Professional focal points include medical diagnostics, orthopedic, neurological and cardiopulmonary rehabilitation, pain management, catastrophic case management, defense medical exam and functional capacity evaluation. Delivers superior administrative expertise and utilization of effective communication skills, negotiation skills, medical acumen and resource management to support efficiency and maximum returns.

CORE ACCOMPLISHMENTS

Demonstrated excellence in direct patient care, research, and teaching at the doctoral level.

Cultivated a thriving concierge-style practice serving the diverse needs of individuals, medical groups, and hospitals.

Expert in Catastrophic Case Management including both domestic and foreign patients.

Recognized as an industry leader, top performing healthcare entrepreneur and consultant to medical practices, medical device companies, law firms and insurance companies.

Part of a network of premier providers delivering cutting edge solutions and best practices for care.

Trusted and respected brand professional in a world of high net-worth individuals, CEO's and business leaders.

A reputation for impeccable service and consummate discretion, affording relationships with some of the most influential and elite researchers and doctors in the United States.
